MAX

My family moved and left me at the shelter – they said I couldn't come with them to the new place. I am house-broken and neutered, and I love kids, cats and all kinds of people. At 60 pounds, I am a little bigger than most keesies. I am 9 years old,

but I still have lots of love to give.

SCOOTER

I am an 8- to 9-year-old terrier mix. I like kids, cats and other dogs. The cats are probably my least favorite, but I tolerate them OK.

Foster mom said to tell you I will need a home with a fenced yard because I love to run. I can run so fast –

you should see me go.

MIKEY

My estimated birthdate is Feb. 14, 2001. We picked it 'cause I'm such a sweetheart, which is pretty miraculous when you know my history. You see, I did time in a puppy mill and then when they were done with me and two of my girlfriends, they

turned us in to a high-kill shelter. Because of the time I spent in the puppy mill, I am having to learn about so many new things. I get along with other dogs and all sizes of people. Cats really don't interest me much.

SHADOW

I was born in September 2008, so I'm still a puppy. I had a family for 4 months, but they decided I was too high energy. They said I chewed, too, but if I have toys around I only chew on those. I am doing very well with housebreaking, and I

keep my crate clean at night. People are my most favorite thing in the whole world! I love to snuggle and give kisses by the dozen. Other dogs are my next favorite thing, as I really like to play and run.

NICKIE

My owner was an older lady just like me, but her health wasn't as good as mine. I love having someone by my side to pet me on the head and rub my ears. It is so soothing, and I miss it terribly. I am housebroken and crate-trained. I'll sleep by your

bed and not make a sound. I'm 12 years old, and my teeth and joints are in good condition. I can even climb stairs! I'm a very easy dog to have around.

TIA

I was born on Dec. 5, 2003, and was used for breeding by a commercial breeder before I entered rescue. I'm still a little shy, but I really like people. I would do best in a home where there are other dogs to help me feel comfortable. I go in and out

of the house easily and don't have accidents in the house. I'm good with other dogs, and I ignore cats. Small children may be too overwhelming for me.

DAN

I am looking for a home that has the time and energy for a little guy like me. I was born July 15, 2008. I love running with the big dogs here. They just kind of tolerate me! Foster mom has some things she wants to add: "Dan needs to go to a home where

they are willing and able to spend time exposing him to new situations and environments. He will need to go to obedience classes for socialization."

KAYLA

I was born Nov. 1, 2006, so I'm a young girl. I like to ride in the car and I do OK on a leash. We will probably need to do some more work on that. I came here with Chloe and Zack and we are good friends. They are staying at another foster home,

and I am doing just fine here on my own. I only weigh about 35 pounds, so if you want me for a lapdog, we can work that out. I've been spayed.

BRUCE – Permanent foster

At 12, Bruce has been in rescue since 2003. Bruce loves to run and play with his foster brothers, but he's beginning to slow down. Now that he is starting to show his age, we don't feel it would be fair to move

him to a new home. He will live out his last years in the foster home he knows and with other dogs and humans that love him.

CHLOE

If I look like the sweetest, friendliest keesie you ever saw — that is because I am! I am a young girl in the 2-3-year-old range and full of life. I love my people and stick close. I am housebroken, spayed, heartworm negative, up-to-date on all of my vaccines and microchipped. I am ready to go! I came here with Zack and Kayla and we are very good friends, but I do just fine on my own. All I need is a new family.

ZACK

My birthday is April 13, 2005, and I was neutered at a young age. I came into rescue with Kayla and Chloe. I am housebroken and crate-trained. I also like to follow my person around the house! I am a little on the large side at 55 pounds. That just makes more of me to love! Maybe we can go jogging together? I am good on a leash, and I am in excellent health. The weather is getting nice, so please contact us soon!

JOLIE – Permanent foster

Jolie has been in KLU's foster care since November 2004. She was born in 1998, is diabetic and nearly blind. Jolie relies on a keesie sister in her foster home to lead the way. To make a tax-deductible donation toward

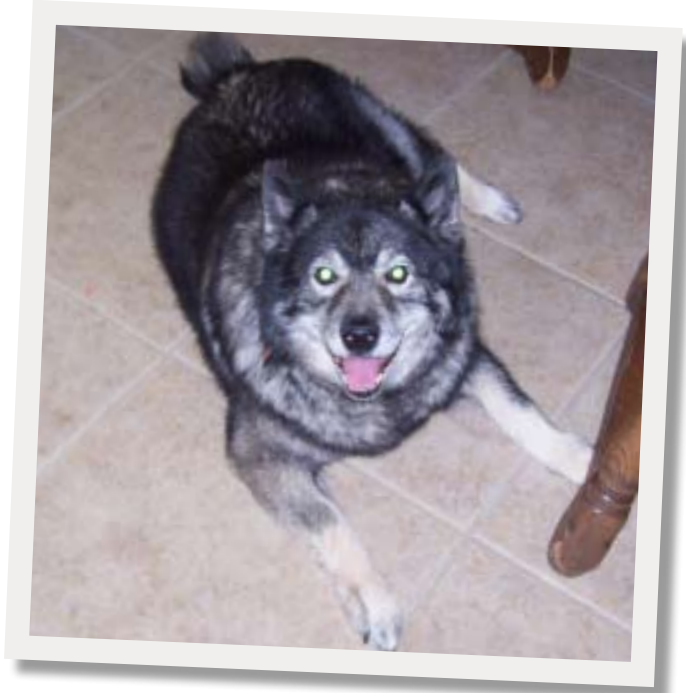

Jolie's monthly expenses (est. at \$45/mo.), send a check to: Keeshond Lovers United, 3917 Trail Road, Lawrence, KS 66049.

Hannah — A Sweet Spirit

March 16th, 2009

by Tom Commerford

*She came to us afraid and uncertain ...
and she left us knowing she was loved.*

*We came to her broken-hearted ...
and she left us with our hearts healed.*

*She came to us shaved and ashamed ...
and she left us assured of her worth.*

*We came to her unaware of her potential ...
and she left us having warmed every day
with unconditional love.*

*She came to us needing a loving touch ...
and she left us with our hands
comforting her.*

*We came to her empty ...
and she left us filled with her sweet spirit.*

*She came to us with love unrealized ...
and she left us wrapped in love.*

*We came to her an unwritten page ...
and she left us with a priceless story written
upon our souls.*

Submissions are due May 17. Photos must be sent with bios.

2010 KSRF Calendar Submission Time

It is already time to start sending in submissions for the 2010 Keeshond Sunshine Rescue Fund Calendar. Submissions are being accepted through **May 17, 2009**.

Please submit digital photos of your purebred keeshond sized at 4"x6" (1200x800 pixels minimum, preferably 1800x1200 pixels), with a resolution of 200 dpi minimum, preferably 300 dpi. Photos cannot be smaller than 3"x3" (600x600 pixels).

Only one photo is to be sent with the nomination. The photo and bio **MUST** be submitted together. There is a word limit on the bio, and 250-400 words are preferable. Your bio will be edited by the KSRF calendar committee editor if it does not meet the stated criteria.

Photos may be color or black and white. Interesting backgrounds, costumes, holiday decorations or props are more likely to catch the judges' eyes. Bios should be typed and contain information on the general circumstances surrounding the dog's entry into rescue, how rescue affected the dog's life, include a special memory or story, and should include the general locale of the dog.

If the dog is in a forever home, list details of the family mem-

bers, both 2L and 4L. The photos and bios should contain the dog's first and last name so they can be matched appropriately.

All submissions **MUST** include: rescue's name, gender, age when rescued; current age or age when at the bridge; birthday or gotcha day; rescue's favorite trick or trait; and current owner and location. The current owner must approve the calendar nomination. Nominations should be submitted by the rescuer or group of record or by the forever family. Nominators must include their names, email addresses, telephone contact number and mailing addresses with the nominations. This information will not be published in the calendar, but name and general locale will be published.

Printed photos must be mailed along with the bio. Photos will be returned to the sender when a self-addressed, stamped envelope is included. For mailing information, contact ksrfcalendar@yahoo.com. If you do not have internet access, please call Judy at 785-550-5429 and she will provide it.

All rescued purebred Keeshonden (living or deceased) who have not been monthly features in past calendars are eligible for submission. All Keeshond

nominees will be pictured in the calendar centerfold.

All submissions will be acknowledged with an e-mail or letter. If an e-mail acknowledgement is not received within 1 week of submission, please resubmit. KSRF and members of the KSRF calendar committee are not responsible for lost or incomplete entries.

A panel of judges reviews all submissions and chooses the featured Keeshonden. The judges' decisions are final. Twelve rescues' photos and bios will be featured in the calendar. The family of each featured dog will receive one free calendar! All Keeshond nominees will be displayed in the centerfold and throughout the pages of the calendar.

Memorial photos will be accepted until press time. Please submit photos of any keeshond that has passed to the bridge to ksrfcalendar@yahoo.com.

There are no technical specifications for memorial photos. Please include call name and last name of the Kees. The Memorial Page is a special way to honor your special Kees who waits at the Bridge.
